Deeper Into Scripture

Reading Method

Deeper into scripture is a way of scripture reading that encourages and equips people to read God's Word daily and deeply. This method of Bible reading directs the individual to read a short passage of scripture three times; each reading done with a different question, instruction or objective to be considered. This repetitive reading increases our attentiveness to God speaking through His Word and draws us closer to Him. The three reading stages and instructions are:

First Reading: **Enter.** As you read the passage of Scripture for the first time, you are simply "entering in" or familiarizing yourself with the content of what God is saying in this particular passage.

Second Reading: **Reflect.** As you read the passage of scripture for the second time, notice what word, phrase, sentence or verse catches your attention. Reflect on how that word, phrase, sentence or verse instructs you about God and/or corresponds to circumstances in your own life?

Third Reading: **Apply.** In this third and final reading of the passages, prayerfully ask; is there something God would have you start doing, stop doing or continue doing?
