Message Title: **'God the Promise Keeper'**

Scripture: **2 Corinthians 1:18-21**

“The worth of a promise is based solely on the reputation, character and history of the one making it.”

- In order to understand the character of the God behind the promises in Scripture, we need to bring to light the realities of Him and His history. And what better place than the Bible itself.

○ Numbers 23:19

“We’re thinking of the immortal through a mortal mind and lens.”

○ Joshua 21:45

○ Joshua 23:14

○ James 1:17

○ Hebrews 13:8

“God’s promises don’t change based on our behaviour; if we are extra good it's somehow provides extra security for the promise, or if we're bad it's somehow jeopardizes it.”

“It is one thing to believe God keep His promises, and it is an entirely different thing to live your life like it depends on those promises.”

“We are not qualified for enjoying the promises of God, unless we have received remission of our sins, which we obtain through Christ.” - John Calvin
