1. What are the challenges or obstacles that hold you back from becoming vulnerable with another believer in regards to your sin?

2. Who is a trusted brother/sister in Christ that you could approach and initiate an honest/accountable relationship with?

3. Is there someone you know who has wandered from their faith into sin? Pray for them. Ask God for an opportunity to gently and lovingly bring up the conversation. Ask for counsel from a trusted/reliable Christian leader/friend who can help guide you in what to say and how to say it.
